Apprentice Leadership Program (ALP) (502203)

**ALCGENL 178/16: FY-17 SOLICITATION FOR THE APPRENTICE LEADERSHIP PROGRAM (ALP)**

**About the Course**

This three-day, enlisted leadership continuum course is designed to provide consistent leadership and supervisory training to apprentice-level personnel prior to advancement to E-4. This course is specifically intended to assist member growth from individual contributor to an apprentice supervisor in the role of a Petty Officer.

The Apprentice Leadership Program is taught during the course of instruction at all of the Coast Guard’s A Schools except Public Affairs Specialist (PA). Strikers, PA's and those who completed the Direct Entry Petty Officer Training Program (DEPOT) at Cape May will have priority seating before any other eligible students.

**Training Objectives**

This three-day, enlisted leadership continuum course is designed to provide consistent leadership and supervisory training to apprentice-level personnel prior to advancement to E-4. This course is specifically intended to assist member growth from individual contributor to an apprentice supervisor in the role of a Petty Officer.

This course provides E-2 through E-4 personnel a foundation in several leadership framework competencies specific to leading self and leading others. Students will receive instruction on the following leadership practices:

- Management of Performance
- Diversity
- Stress
- Sexual Assault Prevention and Response
- Aligning values
- Influencing others
Course objectives are accomplished through facilitated group discussion, exercises and role play scenarios. At the end of the training, students must successfully complete a role play scenario, which is designed to test their overall knowledge of leadership techniques as an apprentice-level petty officer.
