

## BAH-Transit (BAH-TR) for New Accessions

---

**Introduction** This guide provides procedures for a SPO to start Basic Allowance for Housing-Transit (BAH-TR) in Direct Access (DA).

---

**Reference** (a) [Coast Guard Pay Manual, COMDTINST M7220.29 \(series\)](#)

---

**BAH-Transit** A Transit housing allowance is a temporary housing allowance paid while a member is in a travel or leave status between permanent duty stations, provided the member is not assigned Government quarters, including dependents who may be assigned to Government owned or leased family-type quarters. See Section 3.G.3.b of reference (a) when a member without dependents acquires a dependent while in transit. The Transit rate continues during proceed time and authorized delays En route, including TDY En route.

---

**New Accession** **A member in the accession pipeline includes:**

- Members who are undergoing initial entry training, to include Reserve members undergoing Initial Active Duty for Training (IADT);
- Students (including ROTC and OCS) without prior Military Service (see Note on next page).
- Service academy graduates upon graduation, until arrival at the first PDS (see Note on next page).

**A member remains in the accession pipeline until:**

- The member arrives at a PDS; including a training location of 20 or more weeks; **or**
- A Reserve member completes Initial Active Duty for Training (IADT) or arrives at a PDS; whichever occurs first.

(a) A member **without a dependent** in the accession pipeline is authorized BAH-TR when in a travel status, leave En route, or proceed time status while transferring from the initial entry training location, between training locations and to the first PDS.

(b) The BAH rate for a new accession **with a dependent** is based on the dependent's location if the location is inside the U.S. If dependent is located outside the U.S., BAH is based on the training site location.

**New Accession,**

**NOTE:** An academy or ROTC graduate without a dependent, who remains on Active Duty at the graduation/commissioning location following graduation and commissioning before proceeding to another duty station and is not assigned Government quarters, is authorized a housing allowance at the without-dependent rate for the graduation/commissioning location through the day prior to departure En route to the training location. If the officer acquires a dependent, the officer's BAH with-dependent rate becomes based on the dependent location effective the date the dependent is acquired.

---

**Entitlement**

New Accessions, **without dependents**, En route PCS from the accession point to their first PDS or between training locations are eligible for BAH-TR. Examples:

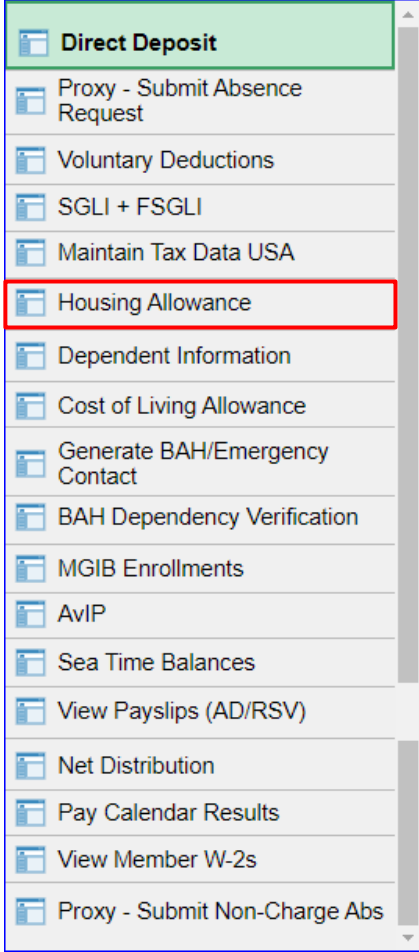

1. Academy Graduate, with no prior service: Start BAH-TR the date the officer departs to the day prior to day the officer reports to their first PDS.
2. OCS Graduate, with no prior service: Start BAH-TR the date the officer departs to the day prior to the day the officer reports to their first PDS.
3. Recruit Training Graduate, with no prior service: Start BAH-TR effective the date the member departs the training location to the date prior to the day the member reports to the first PDS or Training Center (TRACEN).
  - For a member without dependents reporting to a TRACEN before reporting to their first PDS, because Government quarters are available at the TRACEN, effective their reporting date to the TRACEN, the member is only authorized BAH-Partial, or if paying child support, BAH-DIFF. The member is again authorized BAH-TR upon their school completion/PCS departure date to the day before the member reports to the first PDS.
  - For members **with dependents** reporting to a TRACEN before reporting to their first PDS, if their dependents location is:
    - a. In the U.S. - continue BAH for the dependents location.
    - b. Outside the U.S. - continue BAH for the initial training location.
