C. Coast Guard Air Operations Manual, COMDTINST M3710.1 (series)

D. NATOPS General Flight and Operating Instructions Manual, CNAF M-3710.7 (series)

E. RESERVE POLICY MANUAL, COMDTINST M1001.28 (series)

F. CNATRA Flight Instructor Standardization and Training Program, CNATRA INST 3710.13 (series)

G. COMDT COGARD WASHINGTON DC 091722Z SEP 21/ALCOAST 320/21

1. In support of the formal establishment of the initial Reserve Aviator officer positions established in REF (A) and the announcement of Reserve Aviator assignments in AY24 per REF (B), this ALCGPSC serves to announce the availability of Reserve Aviator positions in AY24.

2. AY24 Reserve Aviator Positions: The following subparagraphs provide position descriptions of the billets that will be available to RPM-2 for assignment in AY24:

a. CG Reserve Aviator: Responsible for safe and effective operations of CG aircraft and aircrew flying demanding SAR, LE, PWCS, MEP and authorized missions. Maintains medical readiness, currency requirements as described in REF (C). On Scene Coordinator (OSC) for SAR and LE tasking, maintains proficiency in all-weather operations, stands 24-hr alert duty.

b. ATC Mobile - Reserve Standardization Instructor Pilot: Conducts classroom, simulator, and in-flight instruction for both USCG student pilots and fleet pilots. Develops, designs, and implements tactics, techniques, and procedures (TTP) for the fleet. Maintains Medical Readiness and currency requirements as described in REF (C). Supports ATC Mobile Operations Department or CG Air Stations with flight support as directed by ATC Mobile Training Department.

c. DDE Aviation Instructor - Chief of Naval Aviation Training (CNATRA) Advanced or Primary Flight Training Instructor Pilot: Conducts classroom and in-flight instruction of USN, USMC, USCG, & International Student Naval Aviators. Mentors USCG student pilots. Pilot-in-Command of Navy training aircraft. Maintains Medical Readiness and currency requirements as described in REF (D), including the 90-day flight currency.

3. Selection Criteria: There are a limited number of billets

available for assignment in AY24. Factors such as airframe, designation and qualifications, total flight time, and a candidate's performance in the aviation specialty will be considered in the assignment process. RPM-2 will assign the best qualified candidates and offer positions based on program guidance IAW PSC business rules.

4. Application Process: Applicants qualified for the Reserve Aviator program shall submit an eResume via Direct Access IAW the following guidelines:

- a. Apply for position number: 00042876
- b. Use the member comments section to indicate ATC Mobile, NAS Corpus Christi, NAS Pensacola, UAS San Angelo, or a specific CG AIRSTA as your preferred drill unit.
- c. The eResume application period is 18NOV23 to 15JAN24.
- d. The assignments are standard tour lengths as described in REF (E).
- e. Qualified candidates who do not have access to Direct Access shall contact RPM-2 to discuss submission of a CG-2002 form as an alternate application process to Direct Access.
- f. Waiver requests to the minimum eligibility may be submitted via a memo to COMDT (CG-711).

5. Minimum Eligibility Requirements:

- a. Current or previous designation as a USCG Aircraft Commander.
- b. All Reserve Aviators must have separated from Active Duty, or have an approved separation on file, no earlier than 01 OCT 2024.
- c. All Reserve Aviators seeking assignment to a CNATRA command must possess previous NATRACOM instructor experience and shall have flown in an instructional sortie in type/model/series within the past 365 days IAW REF (F).
- d. All Reserve Aviators shall have a minimum of 750 hours as Pilot-in-Command (PIC) of a military aircraft.
- e. All Reserve Aviators shall have a minimum of 1500 total hours in a military aircraft.
- f. A Coast Guard or DoD flight physical will be required prior to the assumption of flight duties.

6. Major Duties and Responsibilities: All Reserve Aviators shall seek to maintain their flight designations and qualifications at the highest level, specifically to maintain the Aircraft Commander designation and the Advanced SAR Qualification. The program's goal does not restrict Commanding Officers from setting or adjusting designations and qualifications IAW REF (C) Chapter 7.A.1. Furthermore, it encourages units to develop a flexible Reserve aviation workforce to support mission requirements and maximize training capabilities unique to individual units. Flight operations shall be conducted IAW REF (C) or REF (D) and local unit standard operating procedures. Reserve Aviators are required to maintain Duty Involving Flying Operations (DIFOPS) semi-annual minimums in all assigned maneuvers and complete all annual proficiency and standardization requirements IAW REF (C) or REF (D). In addition to flight duty, Reserve Aviators may be required to perform other

aviation operations or aviation training duties. Reserve Aviators shall also participate in Command sponsored aviation safety events.

7. Drill Requirements: Reserve Aviators shall drill per the guidelines set by COMDT (CG-R8) and applicable SELRES requirements IAW REF (E). In addition, Reserve Aviators will drill utilizing Additional Flight Training Periods (AFTP) IAW REF (G) to achieve a minimum of 60 calendar days of flight duty annually.

8. Training Availability and Requirements: Transition courses will not be offered for USCG or USN aircraft. Requalification courses may be offered to support the needs of the Coast Guard. Failure to complete annual and semi-annual training requirements shall be handled IAW REF (C) or REF (D).

9. Points of contact:

a. PSC RPM (RPM-2): LCDR Marvi Rivera, (202) 795-6517, Marvi.M.Rivera@uscg.mil for reserve assignments and orders questions.

b. COMDT (CG-711): LT Melissa Magaro, (202) 372-2221, Melissa.A.Magaro@uscg.mil for general Aviation Reserve questions.

10. Released: RDML R. E. Dash, Commander, CG Personnel Service Center, sends.
