A.3. **Discussion** Completion of EBDL courses (also known as correspondence courses) is recorded in DA IAW Reference (e). Reserve retirement points as well as payment may be authorized for completion of specific EBDL courses.

A.4. **Command Directed EBDL** Command directed EBDL is training that is required to be completed by SELRES members for the purpose of accomplishing unit readiness and mobilization training requirements (i.e., competency, Class “C” school pre-work). These courses are eligible for both pay and inactive duty retirement points as long as all requirements outlined in Reference (d) are met.

A.5. **Non-Command Directed EBDL** Non-Command directed EBDL is considered elective, and may be taken without command approval if already on the approved COMDT (CG-R55) course list. Elective EBDL is eligible for inactive duty retirement points only, **not** pay, IAW Reference (e). Per References (f) and (g), every four hours of education using approved electronic-based distributed learning methodologies is worth one retirement point. Courses on the approved list are credited IAW ETQC and Learning Management System (LMS) criteria.

NOTE:

No compensation (IDT pay and/or inactive duty retirement points) for EBDL shall be credited for any courses completed while a member is on Funeral Honors Duty (FHD), inactive duty, Active Duty (any type), or on the Inactive Status List (ISL).

**A.6. Entering/
Removing EBDL**

Use the [EBDL User Guide](#) to enter or remove EBDL courses in DA. If an EBDL is not listed in DA, use the EBDL Course Approval Request Form [CG-1001A](#) to request that it be added to the approved Commandant (CG-R55) list.

**A.7. Uncredited
EBDL**

If an EBDL course is entered correctly, but the member does not get credited the appropriate payment and/or points, submit a trouble ticket to PPC (MAS) for payment and/or PPC (ADV) for points via <https://www.dcms.uscg.mil/ppc/ccb/>.

NOTE:

EBDL retirement points are considered Inactive Duty service and are subject to the inactive duty retirement point credit limitations each Anniversary Year IAW Reference (e).

**A.8. EBDL
Process**

Member, P&A Office, and/or PAO complete the following to properly submit and receive Reserve retirement points and/or payment for the completion of EBDL.

Step	Who Does It	What Happens
1	Member	Upon successful completion of EBDL, submits a Career Development Worksheet (CG-2030) to the P&A Office with supporting documentation (i.e. EBDL Completion Certificate).
2	P&A Office	<ul style="list-style-type: none"> • Within one business day of receipt, verifies all information for accuracy and completeness. Enters EBDL in DA using the Electronic Based Distributed Learning user guide. • Notifies PAO of any pay related EBDL needing approval. • Uploads required source documentation to iPERMS IAW Reference (c).
3	PAO	Within one business days of notification, reviews and approves pay related EBDL and ensures payment/point credit in DA.
NOTE:		<p>List of authorized EBDL is maintained by Commandant (CG-R55) at:</p> <p>https://www.reserve.uscg.mil/Resources/Electronic-Based-Distributed-Learning-EBDL-/</p>

| B.3. Training/
Pay Category | Failure to ensure the member is in the correct Training/Pay Category (TRAPAY CAT) IAW Reference (h) for the type of orders being entered in DA prior to scheduling and/or approving drill(s) may result in error(s) when scheduling duty and/or approving for payment. |
| B.4. Scheduling
Drills | <p>Inactive duty orders MUST be scheduled and approved in DA in advance of Reservists reporting for duty IAW fiscal year guidance published via message traffic each year. Written orders will be provided to the member, if requested.</p> <p>Scheduled or unscheduled inactive duty drills performed by a member without prior command authorization will not be approved for payment IAW Reference (h).</p> |
| B.5. Absences | If a notification of a scheduled drill conflict occurs within 48 hours of the start of the scheduled drill, it may only be rescheduled if it meets the criteria authorized IAW Reference (h). |
| B.6. Berthing | Berthing policies are established at each District (DXR)/PAC-13. It is the responsibility of the member to work with the Command and District Reserve Force Readiness Staff (RFRS) to obtain berthing and follow local procedures prior to commencing inactive duty. Berthing is not an |

entitlement, but will be authorized based on the availability of funding IAW Reference (h).

B.7. Additional Training Period (ATP)

ATPs are periods of additional inactive duty authorized to provide selected Reserve members (RES MBRs) sufficient time, in addition to scheduled Inactive Duty Training (IDT) and Active Duty for Training, to qualify for competencies and meet training requirements for mobilization. Specific ATP policy is published annually by Commandant (CG-R82). After authorization and allocation, ATPs are scheduled and approved in the same manner as IDT drills.

B.8. Readiness Management Period (RMP)

RMPs are periods of additional inactive duty in excess of scheduled IDT drills for members to accomplish training preparation or unit administration and maintenance functions. Specific RMP policy is published annually by Commandant (CG-R82). After authorization and allocation, RMPs are scheduled and approved in the same manner as IDTs. RMPs not performed IAW Reference (h) may be cancelled and recoupment of any payment may be initiated.

NOTE:

RMPs for pay will not be less than four hours in duration and not more than one paid RMP will be performed by an individual in one calendar day IAW ALCOAST 343/22.

B.9. Funeral Honors Duty (FHD)

Commands may issue FHD orders to ready RES MBRs with their consent. Travel allowances may be paid IAW Reference (h).

B.10. Compensation

RES MBRs receive compensation equal to one-thirtieth of their monthly basic pay for each drill (IDT/ATP/RMP/FHD) IAW References (b) and (h).

B.11. Designated Unit Pay (DUP)

DUP authorizes an additional \$15 per IDT or ATP with pay for Reservists assigned to a Port Security Unit (PSU), Naval Coastal Riverine Squadrons (CORIVRON), and Naval Coastal Riverine Groups (CORIVGRU) IAW References (c) and (g).

RES MBRs may be entitled to other types of compensation IAW References (b), (c) and (d).

B.12. AvIP for Reserve Aviators

AvIP for eligible Reserve Aviators is payable on a monthly basis described in Table 2 of Reference (i), while serving in a officer billet designated as Duty Involving Flight Operations or Training (DIFOPS) assignment, prorated as follows:

- One day of AvIP will be paid for a qualifying single drill.
- Two days of AvIP will be paid for a qualifying multiple drill.
- AvIP will be paid for all active duty periods on a day for day basis.

**B.13. Maternity
Absence for
Reservists**

Maternity absence is authorized in lieu of duty for up to 12 regularly scheduled IDT drills within one year of a birth event for satisfactorily participating SELRES members who give birth after 20-weeks gestation IAW [ALCOAST 153/23](#). Refer to the ALCOAST for more information.

B.15. Inactive Duty Orders Process

Member, Reserve Supervisor, Unit, P&A Office, and PAO complete all necessary tasks required to properly submit and receive payment for inactive duty. The 'Reserve Supervisor' is the person approving that the

member may perform the inactive duty, and that payment for the inactive duty is authorized, in DA.

Step	Who Does It	What Happens
1	Unit & Member	At least 90 calendar days prior to proposed inactive duty date, Unit (may include Senior Reserve Officer, Senior Enlisted Reserve Advisor, and/or Reserve Supervisor) and member coordinates IDT drill date(s) and location(s).
2	Reserve Supervisor/Unit	At least 70 calendar days prior to scheduled inactive duty, completes and sends written orders to member (if requested). See Figure 10-1 for IDT Orders memo template, if applicable.
3	Member/Unit	<ul style="list-style-type: none"> At least 45 calendar days prior to scheduled inactive duty date, enters scheduled IDT drill in DA using the Self Service - Inactive Duty for Training (IDT) user guide. If the Reserve Supervisor or the Unit is entering the drill(s) in DA on behalf of the member(s), enters in DA at this step using the Self Service for Command - Inactive Duty for Training (IDT) Drills user guide.
4	Reserve Supervisor/Unit	At least 20 calendar days prior to scheduled inactive duty date, approves the scheduled IDT drill in DA using the Self Service for Command - Inactive Duty for Training (IDT) Drills user guide.
5	Member	Performs IDT drill as scheduled. Prior to departure from IDT, notifies the Reserve Supervisor/Unit of IDT completion.
6	Reserve Supervisor/Unit	<ul style="list-style-type: none"> Within two business days of notification from the member, places the drill in a “Completed” status in DA using the Self Service for Command - Inactive Duty for Training (IDT) Drills user guide.
CAUTION:		<p>By placing the IDT in a “Completed” status, the Reserve Supervisor is certifying that they have reviewed the member’s drill data and confirms that it is accurate (meal rates, single drill 4 hrs minimum/multiple drill 8 hrs minimum, etc.) and ensures the requirements IAW References (b), (c), (d) and (h) are met. If drill data is NOT correct, Reserve Supervisor shall seek corrections prior to marking the drill complete.</p>

PAOs are responsible for proper payment and record keeping (e.g. supporting payment with written orders and source documentation) IAW Reference (e). Do not enter/approve any transaction(s) on Payroll Finalization Processing Date. Approving transactions on this date may result in payroll finalization being delayed. It may also delay the opening of the next payroll calendar preventing P&A Offices/PAOs from entering/approving transactions. Section D: Reserve Mobilization – Voluntary and Involuntary

D.1. Introduction

This section establishes pay and personnel procedures and tasks associated with Reserve mobilization under the following **Title 10 U.S.C. Sections**:

- **12301(a)** (Full Mobilization/Involuntary), which provides full mobilization authority to effect involuntary recall of CG members in all Reserve component categories to Active Duty (Active Duty for Operational Support (ADOS)) for response in time of war or national emergency declared by Congress and authorized by the Secretary concerned. Activation is authorized for the duration of the war or emergency and for six months thereafter.
- **12301(d)** (Voluntary ADOS-AC), which provides authority to effect voluntary recall of CG Reserve member(s) to AD, or retain them on AD, with their consent.
- **12302** (Partial Mobilization) which provides partial mobilization authority to effect involuntary recall of all CG Ready RES MBRs to AD in support of national emergency declared by the President and authorized by the Secretary concerned. Activation is authorized for no more than 24 consecutive months thereafter.
- **12304** (Presidential Recall), which provides mobilization authority to effect involuntary recall of all CG Ready RES MBRs to AD for other than during war or national emergency. The President may authorize the Secretary of Homeland Security with respect to the CG, without the consent of the members concerned, to order any unit, designated essential for AD to AD for not more than 365 days.

NOTE:

There are two types of ADOS orders – short-term AD (less than 180 days) and long-term AD (181 days or more).

D.2. Mobilization Planning

The process for mobilizing Reservists will be exceptionally smoother if units use this section as a guide in training members on mobilization entitlements and the paperwork necessary to ensure a member is medically and legally ready for mobilization.

NOTE:

The Contingency Recall Checklist found in Appendix C of Reference (j) should also be used when a situation requires the recall or release of Reserve and retiree personnel.

D.4. Verifying a Reservist's Prior Active Duty

- As per References (c) and (u):
 - Reservists shall not perform any type of Active Duty (AD), (except ADT-AT), if it will result in the member accumulating over 14 years of cumulative AD, unless authorized prior to the commencement of orders by Commander (PSC-RPM).
 - Reservists on AD (except ADT-AT) who accumulate 18 years of cumulative AD shall not be involuntarily released (other than for physical disability or for cause) from that duty, until they have accrued 20 years of AD and become entitled to a regular retirement, IAW Reference (a), Title 10 U.S.C. §12686.

- Years of combined AD are calculated IAW Chapter 8 of this publication.
- CG-PSC-RPM has been delegated approval authority IAW ALCGPSC 009/12 for requests related to AD beyond 14, 16 and 18 years. Requests must be submitted through the SELRES chain of command. A template for the request can be found on the [Reserve Home Page](#) at: [16-18 Year Waiver](#).

D.5. Title 10 Mobilization Process

The mobilization process depends upon communication between all participants. Steps two and three do not apply to 12301(d) (Voluntary ADOS-AC) or 12302 (Partial Mobilization) orders issued in support of (ISO) DoD Overseas Contingency Operations (OCO). Units must work with designated CAP Managers who validate FY requirements and distribute Reserve Month (RM) allocations.

**D.10.
Requirement for
PCS Orders**

- All Reservists on contingency ADOS over 180 days in the same location shall be issued PCS orders with primary residence/home based BAH/OHA unless full authorized PCS HHG transportation IAW Reference (h). If authorized, ensure PCS HHG entitlement counseling is provided to the member in receipt of authorized ADOS Orders IAW Reference (h), PSCINST 1330.1 (series) and Chapter 4 of this Publication.
- Reservists who volunteer to serve on 12301 (d) ADOS-AC orders for the duration of no more than 180 days will not be ordered to a new Permanent Duty Station (PDS).

**D.11. Important
Rules about Per
Diem**

Payment of per diem is not authorized when the member:

- Commutes between their home and their duty station, even if the residence lies outside the local reasonable commuting distance.
- Is on leave.

There have been a significant number of RC members under orders ISO a Contingency Operation erroneously authorized per diem when performing AD at a location within the local area of their primary residence/home. This has resulted in enormous debts, with some exceeding over \$100,000. When an RC member is called/ordered to AD under a designated contingency operation, use Section 0206 of Reference (f) to determine the

entitlement to per diem. Forward any unanswered questions to CG-1332 for determination.

**D.12. Travel
Advances on
Blanket Orders
(13 document
type)**

Advances drawn for periods of TDY under blanket orders will only be liquidated against the member's final claim (either at the end of TDY or the end of the Fiscal Year, whichever occurs first). Members should only take one advance during a TDY/Recall period and only annotate the advance (in block 9) on the final TDY claim. This method will eliminate the need for multiple advances during the TDY period, while ensuring adequate funds are available to execute orders. The final claim will serve to liquidate the advance.

**D.13. Travel
Entitlements
when Mobilized**

This table summarizes the travel entitlements of mobilized members:

Travel Entitlement	Summary of Entitlement	Entitlement Rate	Reference
Mileage	Authorized reimbursement for one round trip from residence to/from TDY site <u>unless</u> the residence and TDY site are in the same city/town corporate limits.	Current local mileage rate (Ref (i)), not to exceed the cost of Govt-procured transportation.	Ref (f) 0303
Local Mileage	The Order Issuing Official <u>may</u> authorize local mileage for travel between lodging, duty site and dining facility.	Current local mileage rate (Ref (i)).	Ref (f) 0202
Lodging, Meals, And Incidental Expenses (M&IE)	Only authorized if: (1) <u>not</u> provided government quarters; <u>and</u> (2) <u>not</u> assigned to a career sea pay eligible vessel; <u>and</u> (3) Member does not commute between home and duty station.	See Reference (i) for current rates for the location.	Ref (f) 020303
NOTE:	(1) If government quarters are not available, by regulation, government messing is considered not available. (2) If mobilized on TDY orders to another location, and required to procure and maintain quarters at both locations, the member may be entitled to dual lodging IAW Reference (f) (Table 2-16). The orders must specifically authorize dual lodging and state the location and period of time. Dual lodging exists to cover lodging expenses that arise because of unexpected circumstances beyond the traveler's control. Dual lodging is approved after the fact by an amended order or by the		

	Travel AO on the travel voucher. Any period of dual lodging reimbursement is limited to 7 consecutive days. Extensions beyond 7 consecutive days for unexpected circumstances may only be approved after the fact by COMDT (CG-1332). (3) M&IE is payable for whole days except for the departure and return day, which are payable at 75% of the appropriate M&IE rate.

TO BE SENT TO EMPLOYER OF MOBILIZED RESERVIST

Dear Sir or Madam:

I am writing this letter to thank **the Employer** for your past support of **Member's Full Name's** participation as a valued member of U.S. Coast Guard **Unit – Long Title**. It is only with positive support from our Reserve members' families and employers that the United States military services are able to protect the national interests of our country.

At this time I need to advise you that – due to recent events – **member** has been involuntarily called to active duty with our unit under Title **10/14** of the United States Code. As a **Yeoman Second Class** at **unit**, he/she is scheduled for deployment either within the United States or overseas as directed by proper authority. The orders are for a period of **###** days.

I am enclosing some information from the Employer Support of the Guard and Reserve (ESGR) that answers questions you might have concerning your rights and the employee's rights under the law, and provides some resources to answer others.

I'd also like you to feel comfortable in contacting me personally, at **Phone Number / E-mail address**, should you still have questions or concerns. Once again, my personal thanks for the part your organization is playing in helping to keep America strong.

Sincerely,
Commanding Officer

D.18. Recall of Reserve Retired Members Process

Reserve retirees may be recalled to AD, at their consent, including both retired with pay (RET-1) and retired awaiting pay (RET-2) for voluntary orders such as ADOS and Extended Active Duty.

With a steady annual demand to recall retired reservists to AD, units are reminded that the procedure to request reserve expertise is to first solicit members of the Ready Reserve (SELRES and IRR) prior to soliciting retired reservists IAW ALCGRSV 053/22 and Reference (j). When a Ready Reserve solicitation produces no qualified candidates, the additional procedures to request Retired Recall for a reservist are listed on PSC-RPM's website: <https://www.dcms.uscg.mil/Our-Organization/Assistant-Commandant-for-Human-Resources-CG-1/Personnel-Service-Center-PSC/Reserve-Personnel-Management-PSC-RPM/RPM-1/Retired-Recall/>.

An approved physical examination is required prior to recalling a retired reserve member to active duty IAW Reference (k). Members not on active duty should request an RMP to receive the required medical evaluation at a CG clinic or pre-authorized MTF. The PSC-RPM-3 processing time required for RMPs without travel is three working days prior to the appointment. RMPs requiring travel orders require five working days to be processed. Urgent requests will be processed on a case-by-case basis.

The P&A process for activating retired Reservists is contained Section D.20.

Recalled Reservists shall be RELAD at the same site at which they were initially ordered to report IAW Chapter 6 of Reference (j). Exceptions are granted on a '**case-by-case**' basis. District (DXR)/DOL-1/PAC-13/CGCYBER shall be the approving level for these exceptions as requested by units.

D.29. Demobilization Process

Use this table to demobilize Reservists.

Step	Who Does It	What Happens
1	Mobilization Site P&A Office	Once the member is identified for demobilization: <ul style="list-style-type: none"> Coordinates demobilization and transfer to unit from which the member was initially ordered to report (RELAD Unit) with District (DXR)/DOL-1/PAC-13/CGCYBER and PAO. Coordinates repayment plan with CGMA headquarters if lump-sum deduction from member's final pay is not appropriate.
2	Member	Completes CIW (CG-2045) to denote desires concerning disposition of accrued leave. Forwards to Mobilization Site P&A Office.
3	Mobilization Site P&A Office	Records any medals/awards/competencies earned by the member while in a mobilization status in DA.
4	Member	At least 30 days prior to demobilization: <ul style="list-style-type: none"> Updates mailing/email address (and direct deposit information, if needed) in DA.

NOTE:	When processing a Separation Order for a Reserve member, always approve the DD-214 before the member's official Separation Date. Once the Order Status has been set to Ready, the DD-214 should be Finalized.	
6	Member	Upon receipt of DD-214, verifies the information on it and notifies Mobilization Site P&A Office of any discrepancies.
7	RELAD Unit	By the Date of RELAD, delivers the Final DD-214 and instructions for filing the final travel claim to the member.
8	PPC (SEP)	On the Date of RELAD, (if the RELAD is completed timely), PPC (SEP) verifies the final payment and the member receives payment on the following pay day.
NOTE:	If member will be continuing on AD (e. g. Immediately begins a new set of orders following completion of mobilization orders), the demobilization process does not begin until the member completes the new set of orders. (See D.26 and D.27 of this section.)

Office
Demobilization
Process**

The Demobilization Site P&A Office uses this process, along with the Separation Processing Section (3-F) of this publication, to release a mobilized Reservist from AD.

Step	Action
1	<ul style="list-style-type: none"> Ensures member is physically qualified for release from AD. Schedules a physical examination, if one has not been completed within the past 12 months (the type of exam is dependent on the length of the orders (Routine vs. Expeditionary) IAW References (k) and (r). If done within 12 months, complete a Health Screening Assessment (DD Form 2697), which is done in conjunction with the PHA depending on the member's status (RELAD from orders greater than 30 days/IRR changing status to SELRES or AD). If greater than 179 days, the member is required to have a Separation History and Physical Exam (SHPE) IAW Reference (r). Documents all medical problems in the member's health record and complete a line of duty determination if there is a medical problem.

	<ul style="list-style-type: none"> Ensures compliance with the Post-Deployment Health Assessment Program (requirement depends on operation).
NOTE:	<div style="border: 1px solid black; padding: 5px;"> <p>The requirement for an SHPE and Mental Health Assessment (MHA) upon RELAD following an involuntary mobilization shall not apply with respect to a member of the reserve component unless member is retiring, or being discharged or dismissed, from the armed forces IAW References (w) and (x).</p> </div>
2	Ascertains member's desires concerning disposition of accrued leave via completion of a CIW (CG-2045) at least 45 days prior to separation or departure on terminal leave (whichever occurs first).
3	Verifies the member (and dependents) have the appropriate military ID card(s).
4	Counsels member concerning transitional health-care benefits.
5	Provides information to member concerning civilian reemployment rights.
6	Counsels member that, if SGLI and/or Family SGLI coverage were automatically increased to the maximum upon mobilization, and the member does not desire continued maximum coverage after demobilization, the member must update their coverage in SOES.
7	Ensures that any medals/awards, competencies and school completions earned by the member are recorded in DA.
8	Completes a special "MEMO" evaluation prior to departure if member is a mobilized Reservist TDY from parent unit and it has been more than 92 days since member's last review and member has been mobilized for more than 92 days and is returning to permanent command.
9	Advises member to update their mailing/email address (and direct deposit information, if needed) in DA.
10	Ensures member has instructions for filing final travel claim.
11	Ensures member does not have pending UCMJ action.
12	Conducts appropriate security debriefing (i.e. Vehicle/Access Passes).
13	Notifies PAO if member has uncollected CG Mutual Assistance loan(s) that needs collection from final AD pay.
14	Ensures supporting Career Development Advisor (CDA)/ESO provides all Reservists being RELAD with copy of CG Education Quick Reference Guide found in Appendix C of the Standard Operating Procedures (SOP) for Coast Guard's Training System Education Services Officer (ESO) Volume II Registrar's Office (RO) Resource Guide .

15	Delivers Final DD-214 to member.
16	Counsels member on time-critical requirements of continuance in the Tricare Reserve Select Program.

Table 10-16 P&A Office Demobilization Process**D.31. Medical Readiness**

If a member, on AD orders, incurs or aggravates an injury, illness or disease in the line of duty, the command (with member's consent) may request Medical Hold (Med Hold) orders, Active Duty for Health Care (ADHC) orders, or Notice of Eligibility (NOE) (as appropriate) to PSC-RPM-3 IAW Ref (c), Chapter 6. The request shall include whether the member is:

- Physically fit for military duty, but requires further medical evaluation or treatment prior to release from AD.
- Found not physically qualified for separation or retention and not physically qualified for military duty.

For further guidance on Reserve Incapacitation Benefits, see Section 10-I of this publication.

D.32. Post-Deployment Health Assessment

All Reservists called to AD for 30 days or longer ISO any expeditionary deployment per Reference (k), will have a Post-Deployment Health Assessment (PDHA) completed at the time of redeployment/RELAD. Directed requirements contained in the PDHA program include:

- Completion of the four-page, revised [DD form 2796](#) Post-Deployment Questionnaire.
- A face-to-face health assessment with a trained health care provider.
- A blood sample from all redeploying personnel.
- A quality assurance program to ensure compliance.

D.33. P&A Office/PAO Demobilization Process

P&A Offices and/or PAOs can use this process, along with the Separation Processing Section (3-F) of this publication and Section D.30 of this chapter, to release a mobilized Reservist from AD within 20 days of the member's release date.

Personnel ordered to AD in time of national emergency declared by either the President or Congress, or in time of war declared by Congress, shall be issued a DD-214 upon release from AD, if the contingency operation was for a period greater than 30 days IAW Reference (s).

Table 10-18 TRICARE Benefits/Process

D.35.
**Transitional
Assistance
Management
Program
(TAMP)**

TAMP provides Reservists and their dependents 180 days of transitional health care benefits upon completion of orders defined by Title 10 U.S.C. 101(a)(13). The FY18 National Defense Authorization Act, Public Law 115-91 amended Title 10 U.S.C. under section 12304b of this title or a provision of law referred to in section 101(a)(13)(B) of this title. Additional information regarding TAMP eligibility and enrollment options is available at www.tricare.mil/TAMP or by calling the Coast Guard Health Benefits help line at 1-800-9HBA-HBA.

D.36. **TAMP
DEERS
Enrollment**

After the completion of qualifying orders, Reservists and their dependents are coded as TAMP-eligible in DEERS and will automatically be covered under TRICARE Standard. During TAMP, a Reservist may enroll or re-enroll in TRICARE Prime, including US Family Health Plan, offered in certain designated service areas of the United States and overseas. TAMP status is not changed in DEERS unless the member executes new orders greater than 30 consecutive days. Members on Active Duty for Training (ADT) or Inactive Duty Training (IDT) maintain TAMP status within DEERS.

**D.37. TAMP
Eligibility While
Serving on Non-
Contingency
Orders**

For TAMP eligible Reservists who execute non-contingency orders in excess of 30 days, such as ADOS, TAMP eligibility continues to run concurrently with the orders if there is at least a one day break between sets of orders. If they are back to back orders, the TAMP period will not begin until the non-contingency set is complete. Members released from non-contingency orders must contact their assigned P&A Office, DEERS, and Managed Care Support Contractor (MCSC) (regional TRICARE office) to ensure TAMP eligibility.

**D.38. New
Contingency
Orders**

Reservists who execute new contingency orders of greater than 30 consecutive days, as defined in Title 10 U.S.C. 101(a)(13), would earn a new 180-day period of TAMP upon release from AD.

Section E: Title 14

E.1. Introduction This section establishes pay and personnel procedures for Title 14 U.S.C., Section 3713, which provides authority to effect **involuntary** recall of ready Reservists to AD ISO domestic natural or man-made disasters. This section also provides processes, guides, and information required to complete the tasks associated with Title 14.

Reservists may be involuntarily recalled for a maximum of 60 days in any four-month period, or 120 days in any two-year period. There are no exceptions to the AD limitation. All Ready RES MBRs shall receive a minimum of 48 hours advance notification for any involuntary recall.

NOTE:

In conjunction with mobilization of Title 14 involuntary recall orders, Reservists with critical skills may be offered voluntary Short Term Active Duty for Operational Support (ADOS) orders under Title 10 U.S.C. 12301(d) for the duration of no more than 180 days, after the initial 60 days of Title 14 has been completed.

**E.3. Title 14
Activation/
Mobilization
Process**

The process required to facilitate the rapid deployment of personnel requires an understanding of the roles and responsibilities of all entities involved, including the Permanent Unit; District (DXR)/DOL-1/PAC-13/CGCYBER; Surge Staffing Section (SSS); Senior Enlisted Reserve Advisor (SERA); Reserve Force Readiness System (RFRS); Mobilization Site P&A/PAO and the SELRES Member.

Coast Guard Business Intelligence (CGBI), Direct Access Mobilization (DA), Homeland Security Information Network (HSIN) (a DHS system) and the Travel System are applications used in the activation/mobilization process.

For Reservists assigned to Deployable Forces Units, PAC-13 will assume the role of the District (DXR).

NOTE:

The Contingency Recall Checklist found in Appendix C of Reference (b) should also be used when a situation requires the recall or release of Reserve and retiree personnel.

E.7. PDS and PCS Clarification

Reservists recalled to AD under involuntary recall orders IAW [Title 14 U.S.C., Section 3713](#) will not be ordered to a new Permanent Duty Station (PDS).

NOTE:

Separate Title 14 and Title 10 ADOS-AC orders, even if performed consecutively with no break in service, will not constitute a PCS entitlement.

E.8. Title 14 Travel Entitlements

Reservists may be involuntarily ordered to AD for up to 60 days and are authorized travel allowances IAW [Title 14 U.S.C., Section 3713](#). This involuntary order is considered temporary duty (TDY) orders and must reflect the availability of government quarters and messing. Government quarters and messing shall be used to the maximum extent possible.

NOTE:

For travel purposes, consecutive Title 14 orders and Title 10 12301 (d) ADOS-AC orders are treated as separate travel/TDY periods.

Therefore, each order authorizes the member one round-trip travel to home.

E.9. Title 14 Per Diem Authority

Reservists involuntarily recalled to Title 14 orders for up to 60 days, or serve on ADOS orders under Title 10 U.S.C. 12301(d) for a duration of no more than 180 days, whose principal place of residence is not within commuting distance of the AD site, are entitled to applicable travel/per diem allowances for the entire period. Absent a determination from local order-issuing authorities, a one-way reasonable commuting distance is considered 50 miles/one hour within their Area of Responsibility (AOR). Areas within a reasonable commuting distance are described in section 0206 of Reference (f).

In any event, regardless of the distance actually traveled, a member who voluntarily commutes between home and duty location is not authorized per diem or daily travel allowances, even if their residence lies outside the local reasonable commuting distance. Recalled Reservists in the local travel area, residing outside the limits of the duty location, may be authorized per diem when their duties require them to remain away from their principal place of residence. One round trip mileage to/from their residence is authorized for the entire TDY period.

Members assigned to career sea pay eligible vessels are not authorized per diem.

E.11. Verifying a Reservist's Prior Active Duty

- As per Section 2-B of Reference (s):
 - Reservists shall not perform any type of AD (except ADT-AT) if it will result in the member accumulating over 14 years of cumulative AD, unless authorized prior to the commencement of orders by Commander (CG-PSC-RPM).
 - Reservists on AD (except ADT-AT) who accumulate 18 years of cumulative AD must not be involuntarily released (other than for physical disability or for cause) from that duty, until they have accrued 20 years of AD and become entitled to a regular retirement, IAW Reference (a), Title 10 U.S.C. §12686.

- Reservists with over 14 years of total cumulative AD service are tracked by Commander (CG-PSC-RPM) and are evaluated for continued AD.
- Years of combined active service are calculated IAW Chapter 8 of this publication.
- CG-PSC-RPM has been delegated approval authority IAW ALCGPSC 009/12 for requests related to AD beyond 14, 16 and 18 years. Requests must be submitted through the SELRES chain of command. A template, for the request, can be found on the [Reserve Home Page](#) at: [16-18 Year Waiver](#).

**E.12. Unit
Verification of
Mobilized
Reservists**

Units shall maintain a monthly roster of recalled members to verify and ensure that those members are removed from a mobilization status timely and not overpaid.

**E.13. Medical
Examination**

All Ready Reservists must complete a Limited Health Assessment prior to released from AD. This assessment is a face-to-face interview with a health services technician during the demobilization process. This Limited Health Assessment does not replace the Annual PHA requirement. Release from AD RELAD/Retention Examinations are not required for this response.

Reservists reporting a change in health during deployment shall be evaluated by a Medical Officer for a focused examination and referred to the Occupational Medical Surveillance and Evaluation Program (OMSEP) Coordinator as needed. Encounters shall be entered into the Electronic Health Record.

NOTE:

The requirement for an SHPE and MHA upon RELAD following an involuntary mobilization shall not apply with respect to a member of the reserve component unless member is retiring, or being discharged or dismissed, from the armed forces IAW References (v) and (w).

**E.14.
Incapacitation
Benefits**

Reservists ordered to AD under Title 14 for 30 days or less are covered for injury, illness or disease incurred or aggravated in the line of duty. This includes injuries sustained when traveling directly to or from the place of duty.

See Chapter 10, Section I of this publication for more information.

**E.15.
Administrative
Holds**

Individuals pending disciplinary proceedings under the Uniform Code of Military Justice (UCMJ) may be retained on AD without their consent, as provided by rule of Courts-Martial 202(C) and Title 10 U.S.C. 802(d), pending resolution of allegations. Reservists on AD under Title 14 or Title 10 U.S.C. 12301 (d) ADOS orders whose status changes for administrative

reasons shall have their orders modified on or before completing their orders, to reflect that they no longer serve under the provisions of Title 14 or Title 10 12301 (d) ADOS orders. Commands shall notify PSC-RPM and COMDT (CG-R55) for coordination and consultation as soon as possible.

E.16.
**Continuation on
Voluntary AD**

Title 14 orders cannot go beyond 60 days. If member is continuing on a voluntary set of orders, follow the process for voluntary orders.

E.17. **CGMHRR
Maintenance for
Continuation**

The member's permanent unit P&A Office is responsible for maintaining the CGMHRR while deployed for Title 14. The P&A Office will facilitate all pay and personnel transactions during the member's deployment, due to the unique nature of responses to natural or man-made disasters.

E.18.
**Entitlements for
Continuation**

Pay entitlements and benefits for a member continuing on Title 10 U.S.C. Section 12301 (d) ADOS-AC orders of 31 to 180 days would continue as described in Section E.33 of this chapter.

NOTE:

New orders require new pay entitlement entries! Entitlements, like BAH and FSA must be entered in new entitlement rows.

E.19. **Reserve
PCS**

Do not process any Reserve PCS transfers (change of drilling unit) while a member is on AD. Members must take a one-day break in service in order to execute a SELRES PCS before accepting another set of AD orders.

E.20.
**Continuation of
AD Process**

Follow the process listed in Chapter 10, Section D of this publication if member will be continuing on Title 10 U.S.C. 12301 (d) ADOS-AC orders following completion of a recall to AD under Title 14.

E.21. **Pay
Entitlements for
Transition from
T14 to T10**

Mobilization orders for Title 14 and Title 10 U.S.C. Section 12301 (d) ADOS-AC are authorized under separate statutory provisions. Each set is considered a separate order for some entitlements while the total period of combined AD is considered for other entitlements.

Pay Entitlement	Rule/Note	Reference
Basic Allowance for Housing (BAH)	Title 14 orders and Title 10 U.S.C. 12301 (d) ADOS-AC Orders are considered separate short-term orders for BAH purposes and thus the BAH rate for each order is always <u>based upon the member's residence</u> , even though a Reservist's total AD from consecutive Title 14 and Title 10 U.S.C. 12301 (d) ADOS-AC Orders may equal up to 240 days (60 days + 180 days = 240 days).	Ref (h) Section 3-B

NOTE:	<p>Per Reference (h), “An RC member who changes their place of residence for any reason other than official PCS orders upon or after starting Active Duty for Training (ADT) or Active Duty Other Than Training (ADOT) will continue to receive the primary residence/home BAH rate initially authorized.”</p>

E.22. Travel Entitlements Based on Separate Sets of Orders

Members are entitled to transportation allowances to reimburse the costs for travel from the place ordered to AD and return to that place at the completion of duty IAW Reference (f).

Upon completion of Title 14 orders, members who perform travel from their out-processing point to the place from which ordered to AD are entitled to reimbursement for eligible expenses.

If continuing to a new period of Title 10 U.S.C. 12301 (d) ADOS-AC orders following their Title 14 orders, members are entitled to transportation from the place from which ordered to duty and, upon completion of that duty, transportation back to the place from which ordered to AD. If travel is not performed between consecutive Title 14 and Title 10 U.S.C. 12301 (d) ADOS-AC orders, no transportation reimbursement allowances are authorized.

E.23. Amendments to Travel Orders

As members return from deployment, questions may arise regarding their travel entitlements. Prior to approving a claim, verify authorized entitlements with the AD orders and any amendments that may have been issued. If the member was authorized a rental car and that entitlement was not included in the original orders, an amendment will need to be generated.

See Section 4-T of this publication on how to amend travel orders.

E.24. Deductible Meals

If the member consumed meals that were being provided by the government or a contractor for free, they must deduct those meals on their travel claim.

If all three meals are consumed at no cost to the traveler, only the IE amount for that day is payable (\$5 CONUS IE, or the applicable locality IE rate, or \$3.50 OCONUS).

Use the Step 2: [Voucher Expenses](#) screen of the Travel System to change the meal type code to the code for Deductible Meal (DED) for each meal provided.

E.25. Leave

All travel claims must be reviewed to ensure leave taken during the deployment is annotated as such on the itinerary. Entitlement to travel allowances (i.e., Per Diem and M& IE) cease when a member takes leave. Failure to show leave on a travel claim will result in erroneous payment of travel allowances that will later be recouped. Leave will not be charged via the Travel System or the DD-1351. All leave must be entered into DA.

E.26. Travel System Profile Settings for Dual Status Members

The Travel System profiles for Reservists, who are also civilian Coast Guard employees, need to reflect their military status and rate/rank. If the claim is submitted and processed reflecting the civilian status, the member will receive different per-diem for days when there are deductible meals (50% of the daily rate vs. an individual meal deduction) and there are different rules for tips and phone calls. Ensure the Reservist verifies their profile and changes the status to military and appropriate rate/rank.

E.27. TAMP DEERS Enrollment

After the completion of qualifying orders, Reservists and their dependents are coded as TAMP-eligible in DEERS and will automatically be covered under TRICARE Standard. During TAMP, a Reservist may enroll or re-enroll in TRICARE Prime, including US Family Health Plan, offered in certain designated service areas of the United States and overseas. TAMP status will not be changed in DEERS unless the member executes new orders greater than 30 consecutive days. Members on Active Duty for Training (ADT) or Inactive Duty Training (IDT) maintain TAMP status within DEERS.

E.28. TAMP Eligibility While Serving on Non-Contingency Orders

For TAMP eligible Reservists who execute non-contingency orders in excess of 30 days (such as ADOS), TAMP eligibility continues to run concurrently with the orders if there is at least one day break between sets of orders. If they are back to back orders, TAMP period will not begin until the non-contingency orders are complete. Members released from non-contingency orders must contact their assigned P&A Office, DEERS, and MCSC to ensure TAMP eligibility.

E.29. New Contingency Orders

Reservists who execute new contingency orders of greater than 30 consecutive days, as defined in Title 10 U.S.C. 101(a)(13), would earn a new 180-day period of TAMP upon release from AD.

F.5. EAD Orders	Extended Active Duty (EAD) requests are managed by PSC-OPM-1 for officers and PSC-EPM-1 for enlisted members.
F.6. IADT Orders	IADT is AD for basic military training and technical skill or rate training (e.g. basic training, DEPOT, “A” School, ROCI). The length of IADT depends on the member’s accession program. Orders for basic training and

DEPOT are issued by Military Entrance Processing Stations (MEPS). PSC-RPM-2 manages Reserve “A” School requests. For ROCI, a panel convenes and selects candidates, but the orders are actually issued by the P&A Office.

F.7. Reserve Orders Process

Section G: Waiver of Pension/Disability Compensation or Retired Pay

G.1. Introduction This section discusses the prevention of dual payments for Reservists. Reservists (by virtue of prior military service) who are receiving compensation such as a pension, disability compensation, disability allowance or retired pay, are **not** entitled to receive military pay and allowances for periods of AD, ADT or inactive duty at the same time per 10 U.S.C. 12316 and 38 U.S.C. 5304(c).

Any Reservist receiving VA disability compensation must elect to receive **either** military pay and allowances **or** VA compensation via annual submission of a waiver form to the Department of Veterans Affairs. Failure to waive VA compensation will place the member in an overpaid status, and funds paid by the Coast Guard will be recouped following annual reconciliation of VA/USCG records.

G.2. Reference (a) [Coast Guard Pay Manual, COMDTINST M7220.29 \(series\)](#)

G.3. Form for Waiving VA Compensation The *Notice of Waiver of VA Compensation or Pension to Receive Military Pay and Allowances* ([VA Form 21-8951-2](#)) is used to elect a waiver of VA compensation or military pay and allowances.

This form must be completed each fiscal year by the member, endorsed by the member's unit CO, and submitted to the VA regional office responsible for the member's VA claim file.

Additional information regarding VA Disability Compensation is available from the Department of Veterans Affairs website at: www.va.gov or by calling the VA at 1-800-827-1000.

NOTE: **Annual waivers are required.**

G.4. Compensation Adjustment Compensation waived is based on 1 day of compensation for every inactive duty drill and/or for each day of AD. Compensation will be adjusted after the end of each fiscal year.

G.5. Waiver of Pension/ Disability/ Retired Pay Process See process below.

Step	Who Does It	What Happens
------	-------------	--------------

1	Reserve member receiving compensation	Upon affiliation with the USCGR and on 30 September each year following , completes VA Form 21-8951-2 and forwards to local VA office.
2	VA	Notifies PPC (MAS) that they have received a completed form from the member, waiving their military pay and allowances.
3	PPC	<ul style="list-style-type: none">• Verifies the number of drills and AD periods the member performed.• Contacts the member's P&A Office to initiate appropriate actions to recoup the pay specified on the completed form.• Manually makes pay adjustments if the payments are out of range.

Section H: Reserve Retirement Points Statement

H.1. Introduction	This section discusses the Reserve Retirement Points Statement, one of the most important documents for a Reservist. It provides the number of points earned during the last anniversary year and the cumulative total for members' complete military career.
H.2. Reference	(a) Reserve Policy Manual, COMDTINST M1001.28 (series)
H.3. Points Statements in Direct Access	<p>Reserve retirement points data is available in DA for self-service, command and P&A Office users IAW Section 8.M of Reference (a). Reviewing the Reserve Retirement Points Statement is an excellent way for Reservists to track their account balances and report problems early. Use the following user guides to view Retirement Points in DA:</p> <ul style="list-style-type: none"> • Self-Service – View My Reserve Points Statement • Command Users and P&A Offices – Reserve Member Balances
H.4. Anniversary Date Modifications	<p>Anniversary Dates are corrected by PPC (ADV) to comply with Section 8.I of Reference (a). Corrections may take place as part of an audit remediation or in connection with issuance of a Statement of Creditable Service. Modifications to a Reservist's Anniversary Date may have a detrimental impact on their retirement eligibility. Reservists whose Anniversary Dates have been corrected and have lost points or creditable service for retirement purposes as a result of the correction may be allowed to retain the old, incorrect Anniversary Date, <u>if it was established prior to 13 May 2003</u>. These members may submit requests to have original Anniversary Dates restored, via the chain of command, to PPC Customer Care.</p>
H.5. Discrepancies on the Points Statement	<p>Members must verify the entries on their Points Statement regularly and report any discrepancies immediately to their Unit P&A Office. Reservists who find discrepancies on their Reserve points statement shall send a request for correction with supporting documents via the chain of command to their P&A Office. In cases where the P&A Office cannot resolve the discrepancy, the P&A Office shall provide meaningful endorsement, with any additional supporting documents available, and forward the request to PPC (ADV) via Trouble Ticket at https://www.dcms.uscg.mil/ppc/ccb/.</p>
H.6. Required Documents for Corrections	<p>Requests for changes to a member's Reserve Retirement Point Statement must be supported by documentation such as:</p> <ul style="list-style-type: none"> • All contracts (i.e., DD Form 4)

- All Discharge Documents including DD-214s (preferably member copy, page 4) and NGB 22 and 23s for National Guard members (NGB Documents are the National Guard's version of the DD-214 and enlistment contracts). NGB copies should be available from the office of the appropriate State Adjutant General.
- All Oaths of Office (Officers)
- Certified "True Copies" of signed AD Orders (front & back)
- For members who served in a RC and/or the National Guard (prior to entering the US Coast Guard), we must have the Reserve Retirement Points Statements from those periods.

It is the member's responsibility to provide this documentation (PPC is not a document repository, may not be able to furnish CG documents and cannot access non-CG documents). The P&A Office should scan all documents so that they can be emailed to PPC and included in the Trouble Ticket.

The best path for ill and injured reservists to navigate the complexities of the medical readiness and incapacitation system is for Commands, Reserve Forces Readiness Staff (RFRS), District (DXR), PAC-13, and DOL-1 to communicate with PSC-RPM-3 as soon as a situation arises needing policy-guided action.

Commandant (CG-R) retains appeal authority for Med Hold, ADHC, NOE and Incapacitation Pay requests. Appeals shall be submitted via email to CG-R5 through the member's chain of command, including District (DXR), DOL-1, or PAC-13 (as appropriate) and CG PSC-RPM to: ARL-SMB-CGPSC-RPM-Reserve-Medical@uscg.mil.

I.16. Reserve Incapacitation Pay Eligibility

Background: A reservist who is physically disabled as a result of an LOD injury, illness or disease, is entitled to pay and allowances IAW 37 USC 204 and 206. The amount of pay and allowances authorized is determined IAW Reference (f). The amount of incapacitation pay cannot exceed the pay and allowances for the members pay grade and time in service.

To be eligible for incapacitation pay, a reservist must have an approved Notice of Eligibility (NOE) on file with CG PSC-RPM-3 and must request it using the process below. A member's entitlement for incapacitation pay is dependent upon the member's military duty status of Not Available for Full Duty (NAFD) or Available for Limited Duty (AFLD) and the documented amount of lost earned or lost civilian earned income for the incapacitation pay claim period.

I.17. Not Available for Full Duty

Members in a NAFD status are entitled to incapacitation pay under 37 USC 204(g). A member eligible for incapacitation pay under 37 USC 204(g) is entitled to pay and allowances minus any earned income from

nonmilitary employment or self-employment. Incapacitation pay will be reduced by the amount of any earned income.

For example, if a member earns \$1,000 from his civilian job during a month, the member's incapacitation pay is reduced by \$1,000.

**I.18. Available
for Limited Duty**

Members in a AFLD status are entitled to incapacitation pay under 37 USC 204(h). To be eligible for incapacitation pay under 37 USC 204(h), a member must demonstrate a loss of earned income from nonmilitary employment or self-employment.

For example, a member attends a medical appointment in conjunction with an approved NOE and misses three hours of work. The member may request incapacitation pay to be reimbursed the income lost due to missing 3 hours of work to attend the medical appointment.

**I.19. Civilian
Earned Income**

Civilian earned income is defined as income from non-military employment, including self-employment. This includes normal wages, salaries, professional fees, tips, or other compensation for personal services actually rendered, as well as income from protection plans, vacation pay, and sick leave that the member elects to receive. It does not include rents, royalties, retirement pay, dividends or interest, welfare payments, or other nontaxable Government benefits.

**I.20. Request
Process**

All claims for incapacitation pay shall be submitted via email to PSC-RPM-3 through the chain of command and Regional RFRS staff (i.e. District, DOL, PAC-13) to: ARL-SMB-CGPSC-RPM-Reserve-Medical@uscg.mil and must include the following:

1. [Monthly Incapacitation Claim Form](#)
2. Supporting documentation to demonstrate earned income or lost earned income. Documentation may include, but is not limited to:
 - a. Pay stubs
 - b. Tax documents (W-2s, 1040, etc.)
 - c. Statement from employer (must be on company letterhead, signed and include contact information)
 - d. Memo from command with the IDT drills a member is unable to perform or make-up due to LOD condition.
3. [Monthly Physician's Report Form](#) (within 30 days of submission)

NOTE:

Claims for incapacitation pay shall be submitted for periods not to exceed one month (30 days) unless prior approval is received from CG PSC-RPM-3. Incomplete packages will be returned without action. PSC-RPM-3 will validate incapacitation pay claims within

10 business days and forward valid claims to PPC (SES) for processing.

NOTE:

Claims for incapacitation pay that exceed six months must be approved by CG PSC-RPM-3 and CG-R. PSC-RPM-3 will review and endorse all claims for incapacitation pay greater than six months and forward to CG-R for approval.

WARNING:

All personnel involved in this process shall ensure proper precautions are taken to ensure the safe handling and integrity of Personally Identifiable Information (PII) and Protected Health Information (PHI), especially in the case of electronic transmission.
