

Extension/Re-Extension Reports

Introduction This guide provides the procedures for Servicing Personnel Offices (SPO) to run the Ext/Rext within 30 Days Report and the Extensions Not Executed Report.

Information The two versions of the report are important for determining which members you need to submit a Begin Extension of Enlistment or a Begin Re-extension of Enlistment transaction for to ensure there is no lapse in time.

- **Ext/Rext within 30 Days Report** – identifies extensions not executed with effective (begin) dates within the next 30 days (from current date).
- **Extensions Not Executed Report** – identifies extensions/re-extensions not executed using an open date range.

Procedures See below.
