

Beginning an Extension of Enlistment

Introduction This guide provides the procedures for inputting a Begin Extension of Enlistment transaction in Direct Access (DA).

Before You Begin It is helpful to run these reports to determine which members need a Begin Extension of Enlistment or a Begin Re-extension of Enlistment transaction. This ensures there is no lapse in time for the member(s).

- **Ext/Rext within 30 Days Report** – identifies extensions not executed with effective (begin) dates within the next 30 days (from current date).
- **Extensions Not Executed Report** – identifies extensions/re-extensions not executed using an open date range.

See the guide [Extension/Re-Extension Reports](#) for specifics on running these reports.

Known Issue – Leave Sold When an executed contract (the "Begin Extension" check box was checked) that had leave sold on it is cancelled, the leave will be sold again when the cancellation transaction is approved. **PPC will need to manually adjust the leave.** When the cancelled contract is submitted in DA, it will be routed to PPC for approval. **A Trouble Ticket must be submitted to PPC Customer Care informing PPC that a cancellation needs to be approved and that leave needs to be adjusted.** You must attach all supporting documentation to the Trouble Ticket.

Cancelling a Contract When cancelling an Extension/Re-extension, **SPOs should click the Cancel Contract button and approve the cancellation, then submit a Trouble Ticket to PPC Customer Care** requesting approval of the cancelled contract. The Trouble Ticket must contain an explanation for the cancellation along with all supporting documentation.

The screenshot shows a web-based contract management interface. At the top, there are tabs for 'Contract Status/Content', 'Contract Type/Clauses', 'Reason/Oath Info', 'Contract Leave', and 'Mbr Service Dates'. The 'Reason/Oath Info' tab is selected. Below the tabs, the user's name 'Hope Van Dyne' and 'Person ID 1234567' are displayed. The 'Contract Data' section includes fields for 'Contract Number: 0002', 'Begin Date: 06/10/2019', 'Contract Status: Active', and 'Expected End Date: 09/09/2023'. Below this, there are fields for 'Total Length of Extensions this Enlistment(YMM): 003' and 'Number of Extensions this Enlistment: 1'. A 'Contract Type' table is shown with one entry: 'Effective Date: 06/10/2023', 'Contract Type: EXT', 'Extension', and a 'Cancel Contract' button highlighted with a red box. There is also a 'Cancelled' checkbox. At the bottom, there are input fields for 'Contract Term Years/Months/Days' with a value of '3' and an 'Indefinite Re-Enlistment' checkbox.

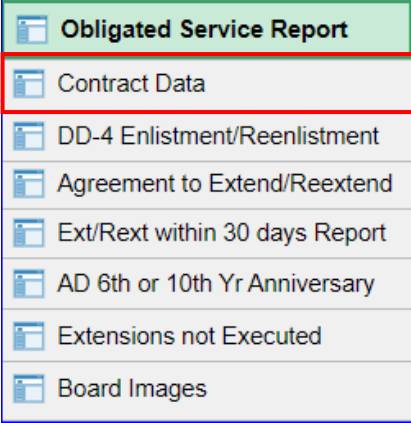

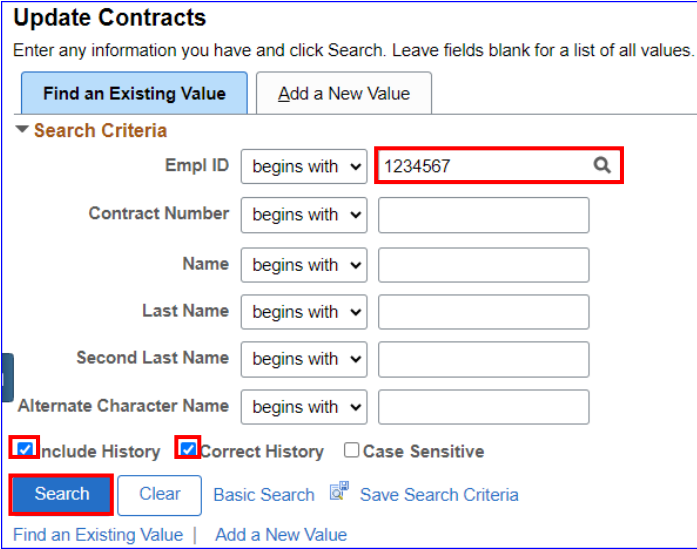

Information

- The Begin Extension/Re-extension button can **only** be checked for approved contracts on or after the effective date.
- This transaction **does not** require approval by a supervisor.
