

Beginning an Extension of Enlistment

Introduction This guide provides the procedures for inputting a Begin Extension of Enlistment transaction.

Before You Begin It is helpful to first run these reports to determine which members you need to submit a Begin Extension of Enlistment or a Begin Re-extension of Enlistment transaction for to ensure there is no lapse in time for the member.

- **Ext/Rext within 30 Days Report** – identifies extensions not executed with effective (begin) dates within the next 30 days (from current date).
- **Extensions Not Executed Report** – identifies extensions/re-extensions not executed using an open date range.

See the guide [Extension/Re-Extension Reports](#) for specifics on running these reports.

- Information**
- The Begin Extension/Re-extension button can **only** be checked for approved contracts on the effective date or after.
 - This transaction **does not** require approval by a supervisor.
 - See the [Direct Access Global Payroll Knowledge Base](#) for information concerning leave with this transaction.

Known Issue When an executed contract (the "Begin Extension" check box was checked) that had leave sold on it is cancelled, the leave will be sold again when the cancellation transaction is approved. PPC will need to manually adjust the leave. When the cancelled contract is submitted in DA, it will be routed to PPC for approval. A ticket will need to be submitted to PPC informing us that a cancellation needs to be approved and that leave needs to be adjusted. You must attach all supporting documentation on the ticket.

Procedures See below.

Step	Action
1	Select the Contract Data link from the Career Management pagelet.
