

Retaining Beyond Normal Expiration of Enlistment

Introduction This guide provides the procedures for retaining a member on Active Duty (AD) beyond their normal expiration of enlistment in Direct Access (DA).

Before You Begin It is helpful to run these reports to determine which members need a Begin Extension of Enlistment or a Begin Re-extension of Enlistment transaction. This ensures there is no lapse in time for the member(s).

- **Ext/Rext within 30 Days Report** – identifies extensions not executed with effective (begin) dates within the next 30 days (from current date).
- **Extensions Not Executed Report** – identifies extensions/re-extensions not executed using an open date range.

See [Extension/Re-Extension Reports](#) for running these reports.

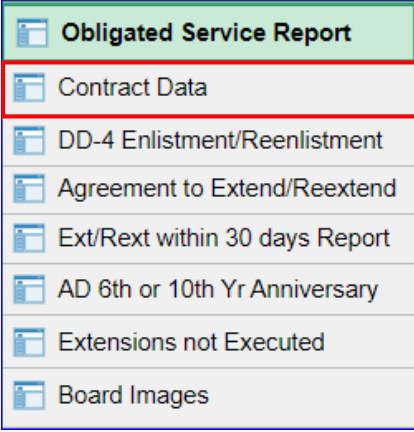

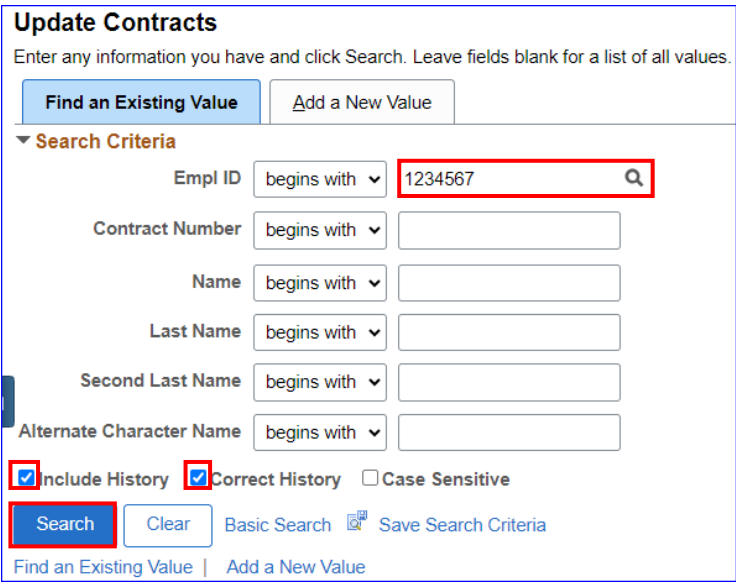

Known Issue – Leave Sold If a member has sold leave on an extension contract and the extension contract is cancelled the action **may not recoup the leave amount sold**. Then if the extension is resubmitted and leave is also sold on this extension, the member could be selling leave again that was not recouped on the cancelled extension.

- **Edits while approval is pending:** Once you submit a transaction for approval, do not make changes to that transaction unless first "withdrawing" the request, or the auditor has "denied" the request.
 - Research the Expected AD Termination Date prior to completing this transaction. **If it is incorrect, contact PPC for guidance.**
 - For regular AD members, this transaction will retain the member on AD. For members in confinement, pay & allowances will be suspended.
 - For Reserve members when the member's only contract in Contract Data is AD, add RET and process an initial military obligation contract. **Contact PPC for the Expected Loss Date adjustments.**
 - Retentions for medical reasons should be recorded for a period of 6 months. This will prevent unnecessary interruptions of pay and the need for additional transactions.
 - Retentions for members approved for retirement are very restrictive and require approval from Personnel Service Center (PSC). See articles 1.C.3, 1.C.9.c and 1.C.11.c of [Military Separations, COMDTINST M1000.4 \(series\)](#).
 - If the member is eligible for a Basic Pay - 25% Increase in Pay for Retention Beyond Enlistment, refer to [CG Pay Manual, Chapter 2-L](#), and contact PPC to make the payment.
-
