

# Entitlements that Auto Stop and Start during PCS

## Overview

---

### Introduction

Global Pay was built with Auto Stop and Start features. Once a PCS Departing and/or Reporting endorsement has processed, there are several entitlement transactions that no longer need to be submitted. For No Cost Orders (Extensions, Fleet ups and Interoffice Transfers), entitlements will continue to run and will no longer stop and need to be re-submitted.

# PCS Reporting Auto Stops

**Introduction** The following table shows what entitlements will automatically stop when a PCS Reporting endorsement is approved.

**Known Issue** Direct Access currently stops CONUS COLA the day prior to reporting less travel time instead of the first day of travel as authorized by [DoD FMR Volume 7A, Chapter 67](#). This results in the member being underpaid CONUS COLA by one day.

To correct this, the SPO **must** delete the Inactive CONUS COLA row with the incorrect Effective Date, approve the deletion, then re-enter the Inactive CONUS COLA row with the correct Effective Date, and approve the new row. This should all be completed within 10 minutes of each transaction to prevent an overpayment to the member (see the [Correcting CONUS COLA](#) user guide).

**Table** See below.

<b>Earning</b>	<b>Auto Stops</b>
<b>All BAH Codes With &amp; Without Dependents</b>	System will automatically build an Inactive BAH row that stops the BAH Transit effective the Report Date. <b>The SPO must change the status to Active and update the BAH Qtr Status and Zip Code for the new permanent duty station.</b>
<b>CONUS COLA With &amp; Without Dependents *Federal &amp; State Taxable*</b>	Stops on the first travel day (ref: <a href="#">DoD FMR Volume 7A, Chapter 67</a> )
<b>Family Separation Allowance (FSA-R and FSA-T)</b>	Day prior to reporting less Travel Time, Proceed Time, and Compensatory Absence (ref: Figure 3-26, CG Pay Manual)
