

Approving or Denying User Roles

Introduction This guide provides the procedures for approving and denying a User Roles request in Direct Access (DA). Please allow 24 hours after PPC approval to see the updated Roles in DA.

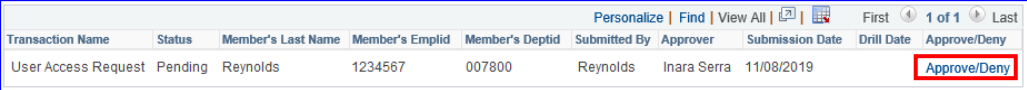

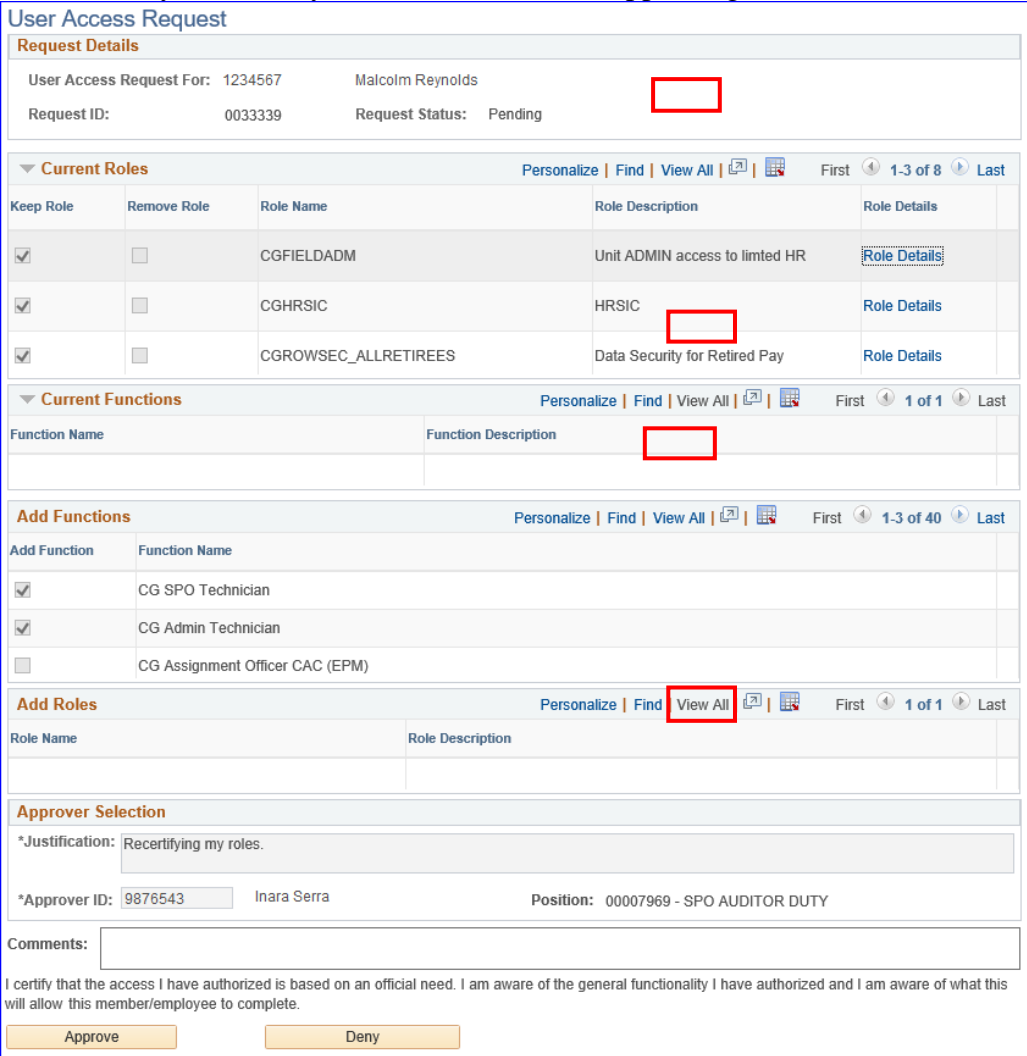

IMPORTANT If a User Roles request is not approved within 30 days of submission to the approver, the User Roles request will be denied and the user will need to resubmit their request.

Procedures See below.

Step	Action
1	<p>From the Requests tab, select View My Requests (all types) in the Self Service Requests pagelet.</p> 
2	<p>The View My Action Requests page will display. Select the Requests I am Approver For radio button and ensure the Transaction Status indicates Pending. Click Populate Grid.</p> <p>NOTE: To narrow the search results, change the Transaction Name to User Access Request Approval and/or enter a Submission From Date and Submission To Date.</p>

Step	Action
3	<p>Select Approve/Deny to view the member's request.</p> 
4	<p>The member's User Access Request page will display. Review the Current Roles, Current Functions, Add Functions, and Add Roles sections to ensure they are correct. It may be necessary to click View All to expand each section. NOTE: Everyone MUST have the CGROWSEC_CGAD - CG Active Duty Row Security role, verify that it is listed before approving.</p>
