

Burial At Sea

PROCESS WORKSHEET: REQUEST & APPROVAL FOR BURIAL AT SEA

Per longstanding policy the Coast Guard provides burial at sea for cremated remains (ashes) of military personnel, dependents, and civilians, using boats, ships or aircraft of the Coast Guard. Military honors are provided when appropriate. The Coast Guard does not normally provide burial at sea for caskets with intact human remains. Burials at sea must meet the requirements of section 229.1 of Title 40, Code of Federal Regulations (CFR). See COMDTINST M1770.9, Military Casualties and Decedent Affairs, section 2.Q.

Request made by	1. Name	_____
