The CG's EAP staff consists of Employee Assistance Program Coordinators (EAPCs) and Employee Assistance Program Specialists (EAPs), referred to here as EAP staff. There are EAP staff assigned to all CG Districts. At this time, all CG EAP staff (EAPCs and EAPs) provide the same services and are available to support CG service members and civilian employees and their dependents. If you have any questions or concerns about EAP and work-life services, whether provided by **CG Civilian Wellness** or **Military OneSource**, please contact your District's EAP staff. Where there is no EAP staff, you may contact your District's Work-Life supervisor.

If you cannot locate your District EAP staff and/or Work-Life supervisor, you may contact the EAP Program Manager via email at jose.r.jasso@uscg.mil.
