SUBJ: QUALITY IMPROVEMENT IMPLEMENTATION GUIDES (QIIGS) UPDATE

1. The Health, Safety and Work-Life Service Center (HSWL SC) is responsible for ensuring that Headquarters' HSWL related policies are implemented by the field. One way in which HSWL SC clarifies policies is through Technical Directives (HSWL SC TDs).
2. In the past, QIIGs were used to provide technical direction to the field. Unfortunately, there are many outdated QIIGs that are no longer relevant to HSWL service delivery. In order to ensure up-to-date and accurate direction, all QIIGs are hereby cancelled and will be replaced with applicable HSWL SC TDs.
