MEMORANDUM OF UNDERSTANDING BETWEEN THE
U. S. COAST GUARD, DEPARTMENT OF TRANSPORTATION
AND THE
U. S. PUBLIC HEALTH SERVICE, DEPARTMENT OF HEALTH AND HUMAN SERVICES

I. PURPOSE
The purpose of this Memorandum of Understanding (MOU) is to establish the relationship between the U. S. Public Health Service (USPHS) and the U. S. Coast Guard (USCG). Pursuant to the provisions of 42 USC 213(a) and 14 USC 141(b) the USPHS and the USCG hereby enter into an agreement for the detail of USPHS commissioned officers to the USCG.

II. BACKGROUND
The USPHS is responsible for the health care of USCG beneficiaries in accordance with 42 USC 253. The closure of many USPHS facilities in 1981 reduced the ability of USPHS to meet its obligation to the Coast Guard. In recognition of that fact, 14 USC 93 was amended in October 1982 by the addition of subsection (a) authorizing the Commandant of the USCG to provide health care to USCG beneficiaries. The 1984 USCG Authorization Act (PL 98-357) of October 1984 amended certain sections of Chapter 93, 10 USC by transferring responsibility for administration of that chapter on behalf of the USCG from the Department of Health and Human Services to the Department of Transportation. This MOU is entered into to provide the framework within which both organizations meet their obligations under the law.

III. PREVIOUS AGREEMENT
The Memorandum of Understanding between the USCG and USPHS of 19 May 1980 is canceled and superseded by this document.

IV. APPLICABILITY OF LAWS
The USPHS and USCG recognize the authority and applicability of the various laws impacting both services. USPHS personnel detailed to the USCG are considered to be members of the Armed Forces for the purposes of determining applicability of various statutes to USPHS commissioned officers. Listed below are some of the laws considered to be of usual significance to both agencies:

A. 42 USC 213(a): USPHS personnel detailed to the USCG are subject to the laws for the governing of the USCG.

B. 10 USC 802(a)(6): USPHS personnel assigned to the USCG are subject to the Uniform Code of Military Justice.
C. 42 USC 213: USPHS commissioned officers detailed to the USCG and their surviving beneficiaries are entitled to the rights, privileges, immunities, and benefits accorded to commissioned officers of the United States Army on account of active military service, except for retirement pay, severance allowance, and death benefits which are provided for in other laws. The provisions of the law in section 213(f) are not specific entitlements. Some important examples are:

Medical care
Use of exchanges and commissaries

D. 28 USC 2671 – 2680, 1346(b) and 42 USC 233(f): USPHS personnel detailed to the USCG remain subject to the provisions of those laws with regard to suits or claims of personal injury arising from their conduct while acting within the scope of their office or employment.

E. 18 USC 203, 202, 207, 208, 209: USPHS personnel detailed to the USCG remain subject to the provisions of these laws which deal with various aspects of conflict of interest.

F. 42 USC 202 et seq.: USPHS personnel detailed to the USCG remain subject to the provisions of those laws which provide broad authority and direction for the administration and supervision of the USPHS by the Secretary, Department of Health and Human Services. This section of the law permits execution of many administrative functions by USPHS and USPHS personnel detailed to the Coast Guard, for example: pay, promotion, separation, etc. It is not a bar, however, to the USCG exercising its authority over USPHS personnel detailed to the USCG relative to the laws governing the USPHS. See paragraph A, above.

G. 12 USC 1715: USPHS personnel detailed to the USCG are entitled to payment of mortgage insurance premiums.

H. 26 USC 217: USPHS personnel detailed to the USCG are exempt from restrictions in this section against claiming moving expenses as federal income tax deductions.

I. 26 USC 1074: USPHS personnel detailed to the USCG may suspend reporting of income for federal tax purposes derived from sale of residence for the period specified.

J. 42 USC 207(a): The USPHS commissioned officer assigned as Chief Medical Officer of the USCG (Office of Health Services, USCG) shall hold the grade corresponding to that of major general (O-5, 2).
