MAS Schedule/SIN: 078/192 08
Warranty: STANDARD WARRANTY
Made In: UNITED STATES OF AMERICA
Weight: 0.375 LB
Order Increment: 1

• Desc

4L X 2W (IN),
 The Gulick II Tape Measure uses a fiberglass no-stretch, retractable tape with both Metric and English gradations (centimeters and inches). The tape is 5/16 inch wide and 72 inches long. The self-retracting tape is kept at the desired length until the retract button is pushed. It eliminates the guesswork by applying a known amount of tension to the measuring tape. When used properly, tape tension is always four ounces -- accurate measurements are possible no matter who is doing the measuring.
