***SICKLE CELL POSITIVE RECRUITS SHALL NOT ATTEMPT THE BEEP TEST OR SHUTTLE RUN***

**15 meter Beep Test (requires Beep Test App)**

- Recruits shall be lined up along the length of the Basketball Court with enough room for recruits to run and turn around.

- At the sound of the tone, “beep,” recruits will begin to run between the side lines of the Basketball Court (approximately 15 meters).

- At each beep recruits will turn and run back to the other sideline.

- If the recruit arrives at the sideline before the beep they must wait for the beep to continue running. (The goal is for continuous running rather than sprinting and waiting.)

- If a recruit fails to meet the sideline before the beep 2 times, their test is over. This is a test to failure not exhaustion. This test is non-punitive.

**Shuttle Runs**

- Recruits shall be lined up in Run ability groups along the width of the Basketball Court with enough room for recruits to run and turn around.

- Recruits should attempt to run their goal run time.

- Rest 2-3 minutes between runs
