

The President's Management Council Interagency Rotation Program

The President's Management Council sponsors an interagency rotation program for high-potential GS 13-15 employees. It enables emerging federal leaders to expand their management skills, broaden their organizational experience, and foster networks they can leverage in the future. Information and requirements for participation about the [PMC Interagency Rotation Program](#) may be found on [DHS Connect](#).

We are seeking **both** participants and program offices based in the Washington, DC Area that can offer challenging and rewarding rotational assignment opportunities. Interested offices should submit a request for consideration. The ideal rotational assignment is one that will stretch and develop these high-potential GS 13-15 employees during the six-month rotation (OCTOBER 1, 2018 – MARCH 29, 2019). Rotational Assignments that require TS/SCI are **not** encouraged.

All applications for both individuals applying to participate, as well as programs desiring to host fellows MUST be routed through CG-128 for review. All applications will be forwarded to the PMC program. There is NO internal CG selection process for this opportunity.

Civilians wishing to apply must complete the [Participant Statement of Interest](#) (must have a CAC to access; may require PIN) form located on [DHS Connect](#) and return to HQS-SMB-CG-12CTrainingCourses@uscg.mil **no later than May 4, 2018**.

Offices and supervisors wishing to host a PMC Fellow must submit a [PMC Rotation Experience](#) (must have a CAC to access; may require PIN) form and return it to HQS-SMB-CG-12CTrainingCourses@uscg.mil **no later than May 4, 2018**.

If you have questions, please contact Kin Szeto at Kin.P.Szeto2@uscg.mil.
