

Meritorious Public Service Award to

ELC3 Jeffrey L. Rosenberg, USCG (Ret)

The Assistant Commandant for Workforce Management takes great pride in presenting the Coast Guard Meritorious Public Service Award to Mr. Jeffrey L. Rosenberg for his extraordinary achievements and substantial contributions to the Coast Guard and its retiree community, having served as a volunteer watch-stander and administrator for the Coast Guard National Retiree Help Desk from December 2022 to August 2026. Following retirement from the Coast Guard in June 2015, after 25 years of active-duty service, Mr. Rosenberg “answered the call” to continue in service as a volunteer watch-stander with the Coast Guard National Retiree Help Desk. Jeff faithfully stood the *virtual* 24X7 watch from his home for 16 weeks, responding to hundreds of requests for assistance from the retiree community on myriad issues, connecting individuals with needed information and resources. Jeff additionally took on an administrator role and expertly led the implementation of *Google Voice* and *Google Docs*, centralizing customer voice mail and information sharing among watch-standers and administrators and markedly improving the efficiency/effectiveness of the Help Desk in supporting customers. Thanks to Mr. Rosenberg’s tireless, forward leaning efforts, the National Retiree Help Desk remains *Semper Paratus* – and serve as an exemplary model of volunteerism for all retirees. A passionate military veteran and retiree, Jeff has truly embodied the highest ideals of servant leadership in his continued service to others. Mr. Jeffrey Rosenberg’s legacy of public service is most heartily commended and is in keeping with the highest traditions of the United States Coast Guard.
