

Ms. Amber H. Stein
Deputy Director of Acquisition Programs (CG-93D)
United States Coast Guard

Ms. Amber H. Stein is a member of the Senior Executive Service and serves as the Deputy Director of Acquisition Programs. In this position, she is responsible for supporting the Coast Guard's Program Executive Officer (PEO) in providing management oversight of all Coast Guard acquisition programs and projects for the modernization and recapitalization of surface, air, command and control, and logistics assets in support of the Coast Guard's multiple maritime missions.

Before joining the Coast Guard in October 2023, Ms. Stein was a senior acquisition professional with the U.S. Navy with responsibilities for managing shipbuilding production, budget policy and procedure, acquisition and strategic planning, and ship and weapon system testing. In her most recent position, she served as the Deputy Program Manager for the DDG 51 Shipbuilding Program, a major defense acquisition program representing an investment of more than \$75 billion, and led all technical, contractual, production, logistical, testing and budgetary efforts for the construction of new DDG 51 Flight IIA and Flight III destroyers.

Her career with the U.S. Navy includes more than 20 years of acquisition experience across research and development, test and evaluation, and development of major shipbuilding and weapon systems programs. Throughout her career, she has held a range of significant leadership positions and has been recognized for her efforts to translate strategic vision into concrete action, discover inefficiencies and take action to deliver critical national defense assets on time.

Ms. Stein is a native of Hickory, North Carolina, and holds a Bachelor of Science degree in Mechanical Engineering from North Carolina State University and a Master of Science degree in Engineering Management from George Washington University. Ms. Stein is a member of the Acquisition Professional Community and has a Senior-Level Certification in Program and Project Management and a Level III Certification in Test and Evaluation. Ms. Stein is a recipient of the Navy Superior Civilian Service Award and the Navy Meritorious Civilian Service Award and was recognized by the National Society of Professional Engineers with the Federal Engineer of the Year Award in 2006. She and her husband, Matthew, and child, Grace, reside in Washington, D.C.
