

# The U.S. Uniformed Services Blended Retirement System

## Reserve Component

The Fiscal Year 2016 National Defense Authorization Act provides our military force with a modernized retirement plan built for retirement savings. Beginning in 2018, Reserve Component service members can get **automatic and matching Thrifts Savings Plan contributions, a mid-career compensation** incentive, and if they obtain 20 years of service, **monthly retired pay** for life starting at age 60.\* All service members under the current system are grandfathered into today's retirement system.

**Effective Date: January 1, 2018**

### Retirement System Selection

Reserve Component members with more than 4,320 retirement points will remain under the legacy retirement system.

Reserve Component members with less than 4,320 retirement points as of December 31, 2017, will have the choice of whether to opt into the new Blended Retirement System or remain in the legacy retirement system.

New accessions after January 1, 2018, will automatically be enrolled in the new Blended Retirement System.
