

View Reserve Status Change

Introduction This transaction is a view only for commands to review a member's Reserve Status in Direct Access.

Important Information about this transaction Some Reserve Status changes are inherently the result of a PCS assignment change. For example, a PCS reassignment from a SELRES billet to the Inactive Ready Reserve (IRR). Status changes to RET-2 must be done by PPC (RAS).

Note: SPO's are authorized to enter a Reserve member Status Change only for Reservists departing/reporting to/from Initial Active Duty for Training Orders.

All other Reserve Status Changes are completed by Personnel Service Command (rpm).
